crusader kings 2 finno-ugric unit pack

It ok, but why do the baltic tribes also use them?. These models are a must if you want to play as a Finno-Ugric and you don't want to see the ugly vanilla models. Quite a beautiful and useless addon. Buy it on sale so your finnish enemies atleast look good in their mass graves.. P3rkele p3rkele! 11/10.. A nice add-on for flavor.. Paradox DLC is a cruel joke on the world's most vulnerable.
